

Greasolve-G

Greasolve-G is a water-based cleaner/degreaser that is formulated for general cleaning usage of Light To Heavy Household Stains for UNPAINTED OR EPOXY PAINTED SURFACES only.

Greasolve-G is an excellent alternative to hazardous solvents and chemicals used for cleaning and degreasing applications.

Greasolve-G is designed for a multitude of industries and applications. Its unique formula utilizes non-hazardous ingredients that are operational and environmentally safe.

Greasolve-G offers these benefits:

- 100% Biodegradable
- Non-corrosive to Most Surfaces
- Non-Fuming
- Water Soluble
- Non-Combustible
- Non-Flammable
- Non-Carcinogenic
- Easy to Operate

Greasolve-G is suitable for all hydrocarbon oil-based stains and the examples of the usage/applications are as follows:

- House Cleaning
- Wall Cleaning
- Toilet Cleaning
- Sticker and Rubber Residue Cleaning
- Kitchen Cleaning
- Drainage Cleaning

HS Code : 3402 90 1300

Operation Conditions

Temperature : Ambient
Concentration : Ready-to-use
Time : 30 seconds – 10 minutes

Control and Maintenance

It is recommended to use it as it is (ready to use).

Waste Management

As state regulation.

Exclusive Distributor and Manufactured For:

NANOVIZ SDN. BHD. (202001041671 (1397992-A))

Menara PKNS, Block A, Level 5, No. 17, Jalan Yong Shook Lin, 46050 Petaling Jaya, Selangor,
MALAYSIA.

TECHNICAL DATA SHEET

EURO-CIRCUIT TECHNOLOGY SDN BHD
Providing Green Solution to The Nation

Application Direction

1. Use the product as it is (no dilution required).
2. Spray the product onto the required surface using low pressure spraying device.
3. Wait for 30 seconds – 10 minutes to allow reaction (depending on stain intensity).
4. Rinse with a water jet or water, brush or scrub as necessary, and wipe with a cloth dry.
